★★★★★

EatSoon is the app that spots food about to go off—in your fridge and in local shops—and turns it into delicious, discounted meals. It's the ultimate food waste hack for savvy UK.

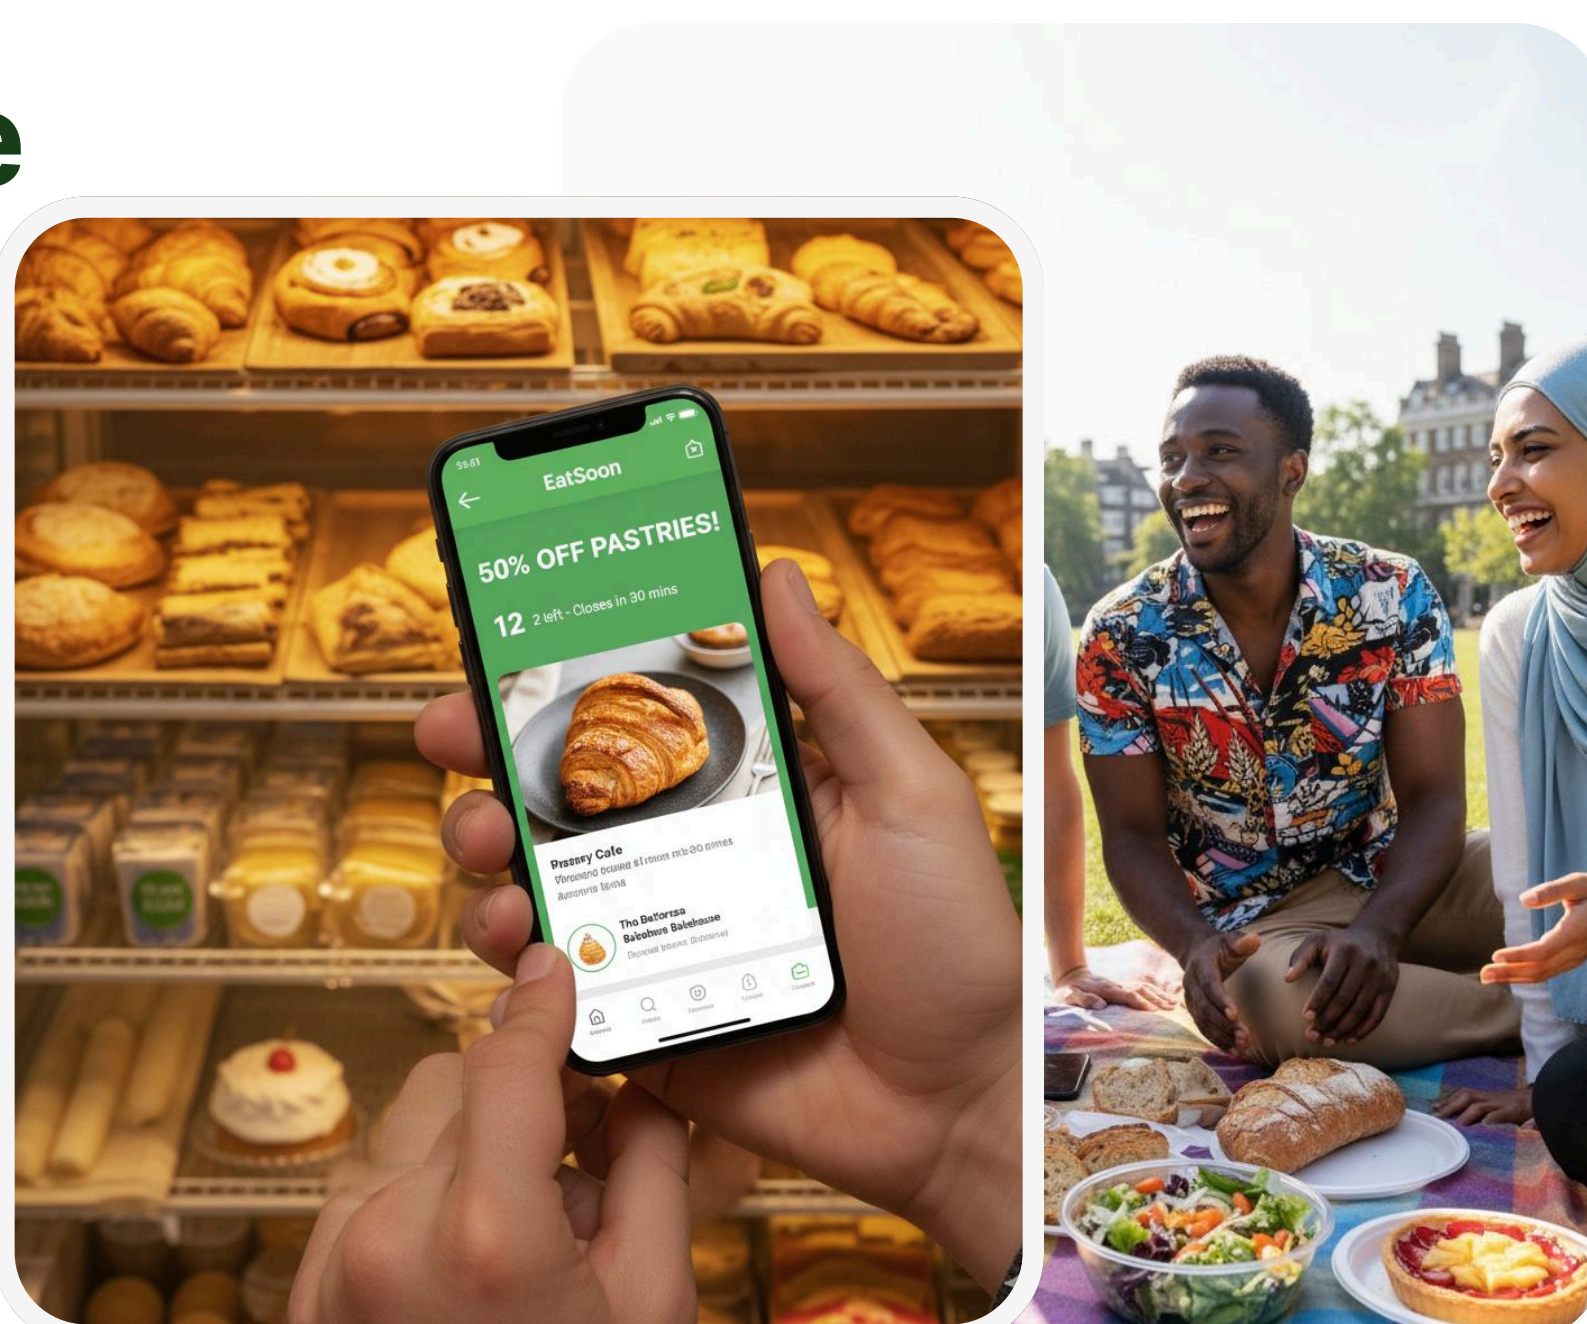

Smart App That Saves Food, Money

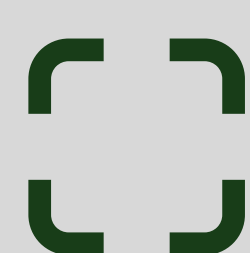

Building a Greener Future Through Sustainable Food

In the UK, over £20 billion worth of food is wasted each year. Eatsoon users are turning that around — saving money, preventing waste, and helping the planet, one recipe at a time.

Start Managing

The EatSoon app gives you three food-saving superpowers.

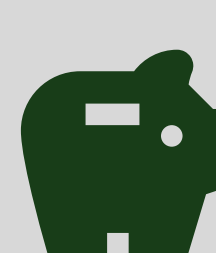

Scan Receipts

Simply scan your grocery receipts and we'll automatically track your food items.

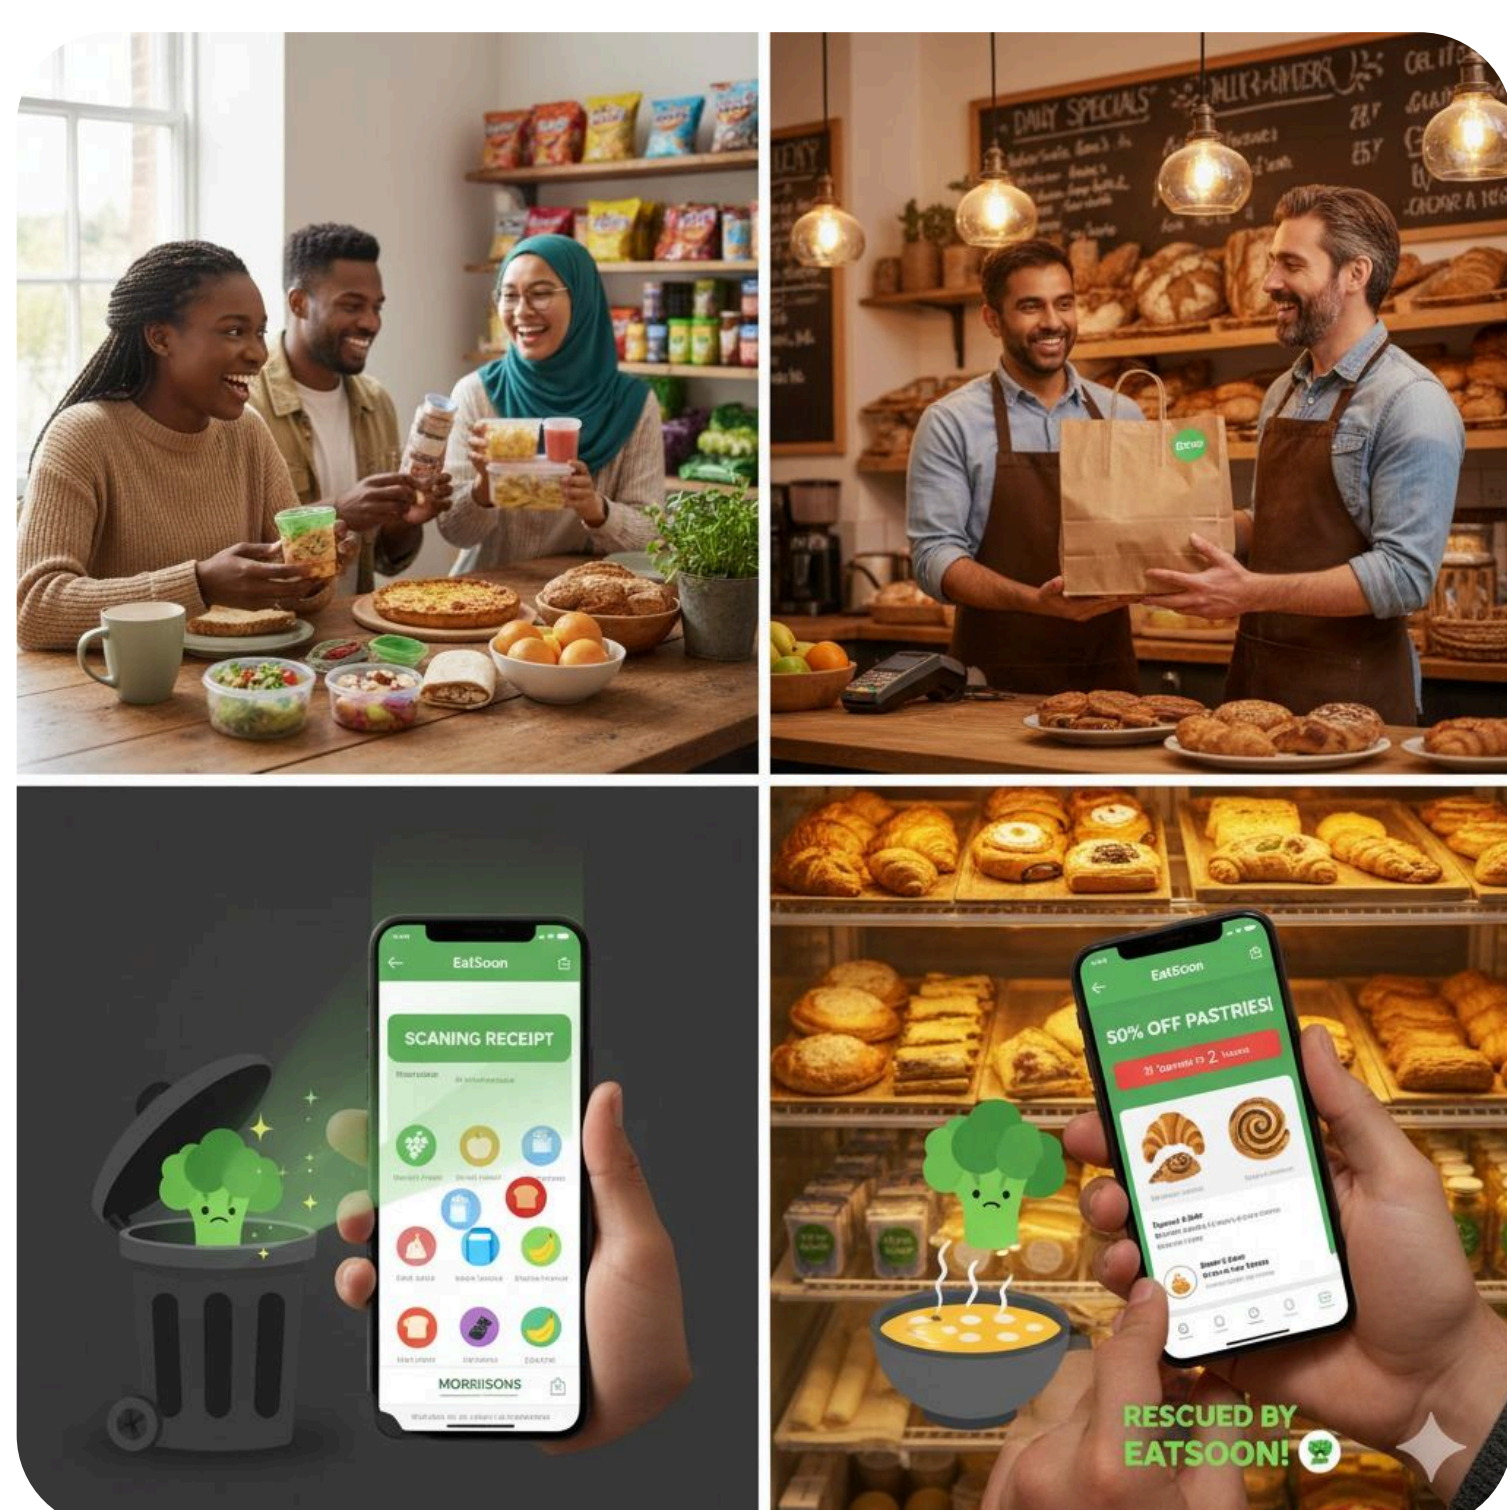

Get Expiry Alerts

Receive timely notifications before your food expires so nothing goes to waste.

Save Food & Money

Make smart decisions, reduce waste, and watch your savings grow month after month.

For Businesses

Upload your expiring stock | Reach nearby buyers | Reduce waste

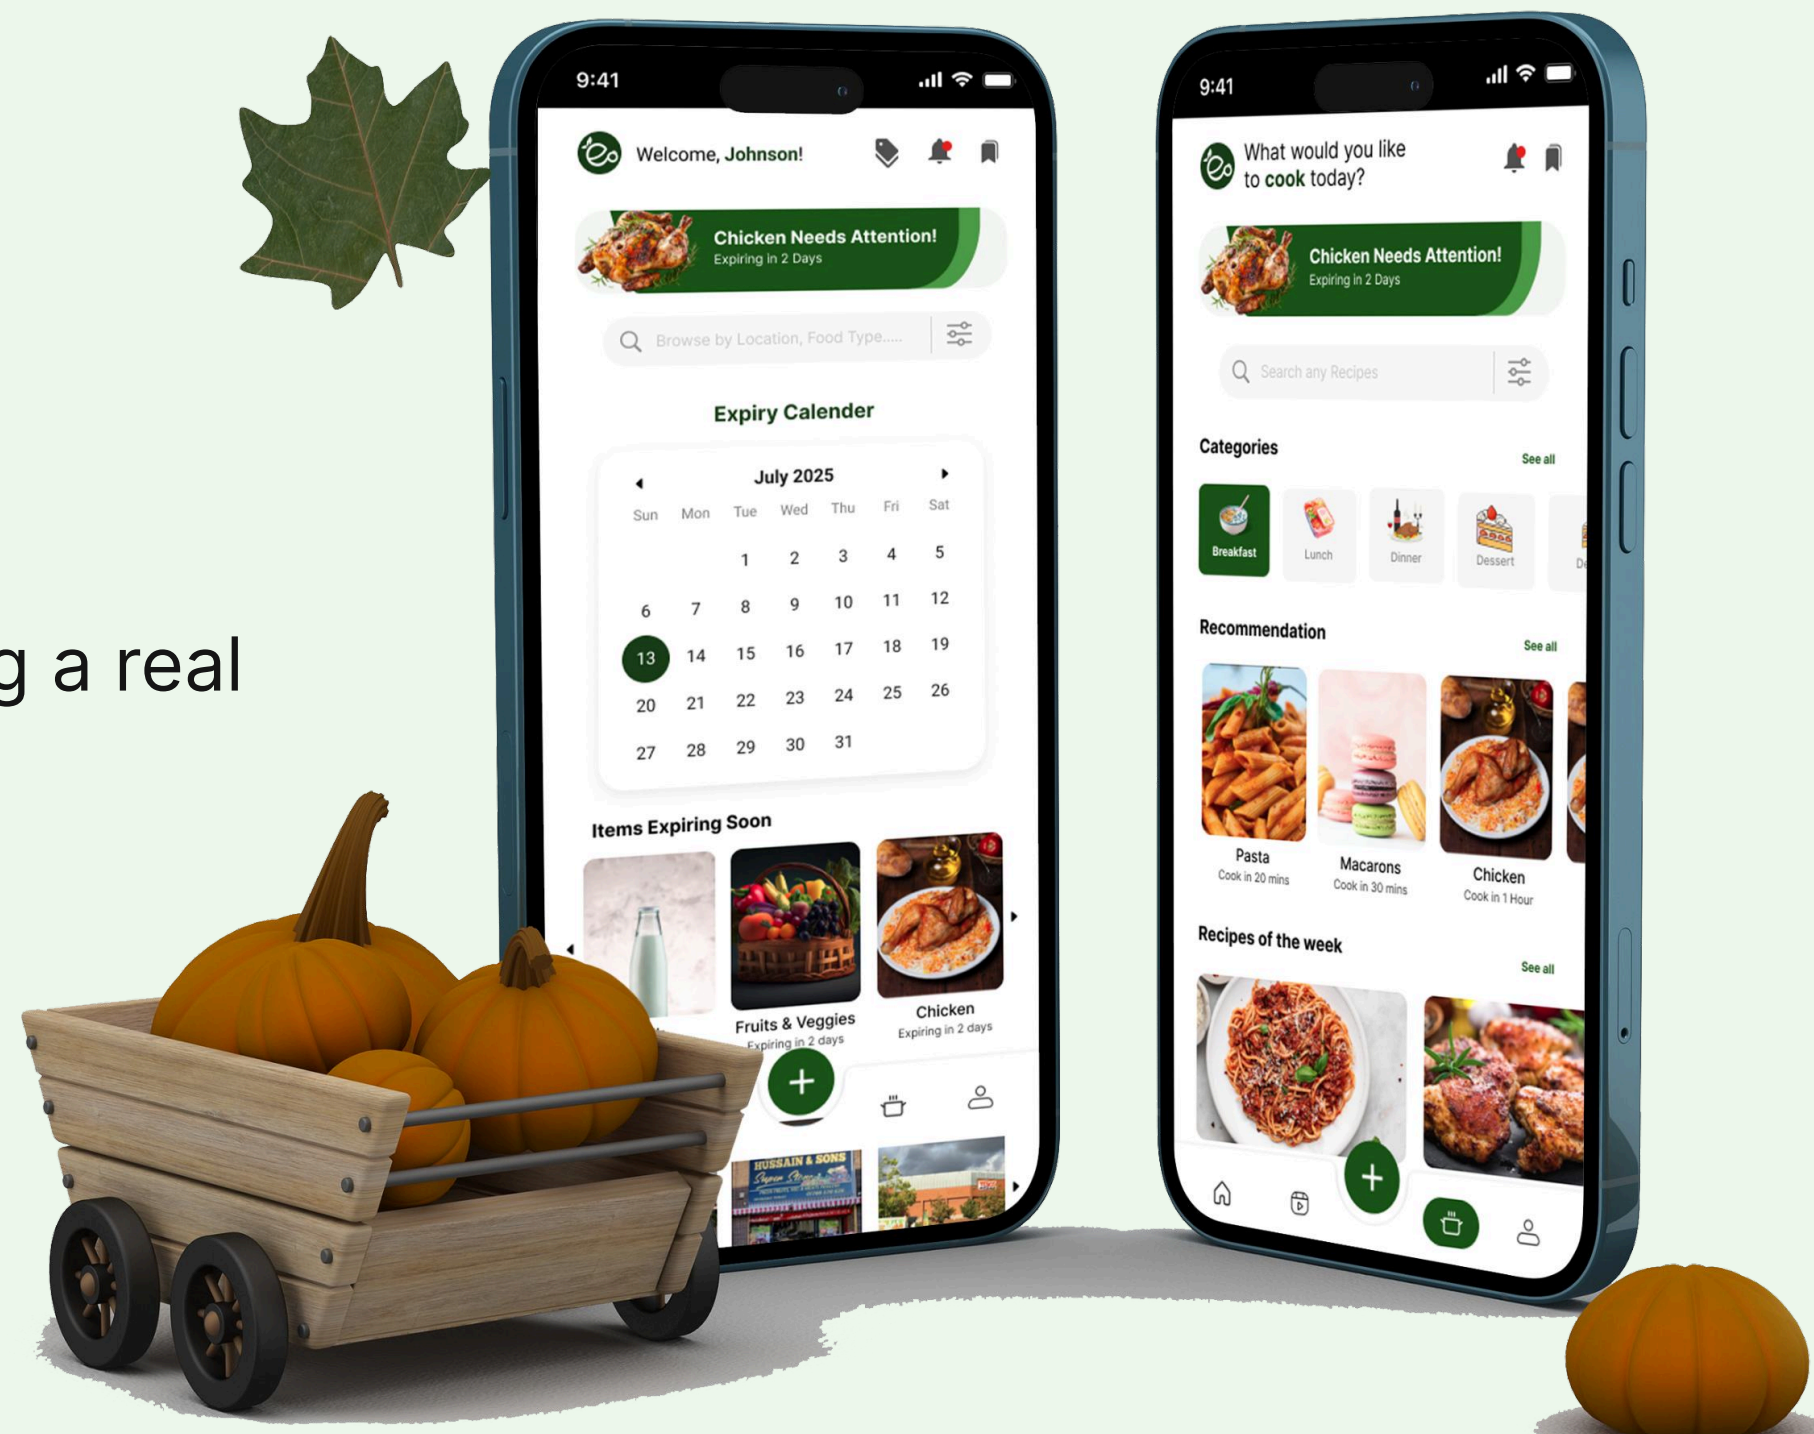

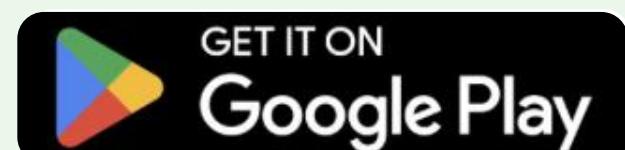

Join hundreds of shops across the UK already saving money and helping the environment with EatSoon Business.

- ✓ Auto-discount alerts reach local shoppers instantly
- ✓ Easy stock management via app or CSV upload
- ✓ Track revenue saved and waste reduced with analytics
